THE DATABASE THAT LISTS SOLUTIONS AS USE CASES FOR THE MANUFACTURING AND RETAIL

There are countless options that retailers can use to equip themselves for the present and the future and to create customer-friendly shopping experiences in stores or online. Together with companies from the fields of retail technology, marketing, service, store design, omnichannel and

eCommerce, we collect and show these worldwide as cases! The Best Retail Cases platform, an initiative of the Location Based Marketing Association, seeks entries as well as reviews and invites users to browse the database.

Best Retail Cases

The case database shows solutions and installations

- list • browse & find
- contact

The Best Retail Cases **database** shows various application examples for modern technologies as well as special installations, marketing solutions or special services for retail. New cases are added daily.

Best Retail Cases AWARDS

The AWARD rounds worldwide 2022

- submit • vote
- win

In regular award rounds, a media jury scrutinizes the registered cases and selects its favorites. Users vote in a separate ranking. The **2022 Awards** are presented in June, September and November.

Best Retail Cases *Show Week*

The Event rounds hybrid and online „Show Week“

- present • listen
- network

In addition, current cases will be discussed in greater depth in hybrid event formats and impulses for sustainable solutions and future developments will be highlighted. The **Show Weeks 2022** will take place in June and
